| 16:30-16:40  | Call for Paper Guidelines & Thematic Deep Dive |
| 16:40-17:00  | Q&A  |

# World Automobile Standards Innovation Conference

## World Automobile Standards and Innovative Conference (WASIC)

### Enduring Theme

Standards empower technological innovation, standards facilitate industry development

### Conference Scale

Over 5,00 participants

### Duration

3 days

### Conference Content

H High-end closed-door conference

+ I International summit

+ M Main Forum

+ T Sub-Forum

+ A Theme event

## Annual Automotive Standardization Summit

W

Worldwide

A

Authoritative

S

Specialization

I

Innovation

C

Contribution

An international conference on

Distinctive and highly influential

An exchange platform for

Comprehensive one-stop solution for standards and regulations

An international window for

Cutting-edge and authorities

# Global Young Engineer Exchange Program(Go-YEEP)

## VISION

To build a global platform where young automotive engineers unleash their creativity, enhance professional competence, and collaborate across cultures and disciplines—shaping the future of the automotive industry and advancing global industrial governance.

## MISSION

- Implement the UN 2030 Youth Strategy
- Foster global youth–industry interaction and development
- Promote automotive standard innovation and governance
- Advance sustainable international standardization

Establish the **International Training Base** for Automotive Standardization Engineers

Call for **Exceptional Academic Papers**

Encourage **Joint Research Initiatives**

## INDUSTRY PARTNERS

FAW GROUP
