Verification Statement

Wadi El Nile Cement Company (WNCC)

Verification Statement Type: GHG Emissions Verification

Claim Reference: GHG Emissions Assertion for January 1, 2022 – December 31, 2022

1. Validation/Verification Body

Type: Third-Party

Name: EPU-VVB

Address: 16 Tadreeb El Motadarebeen St, Cairo, Egypt

2. Objectives and Scope of the Verification

- **Objectives:** The objective of this verification was to assess and confirm the accuracy, completeness, and material correctness of the GHG emissions assertion made by WNCC for the period from **January 1- 2022 to December 31, 2022**.
- **Scope:** The scope of the verification included direct and indirect GHG emissions (**Scopes 1 & 2**) from the production line, facilities located at East Beni Suef, Egypt. The verification process covered emissions from all relevant sources.

3. Supporting Data

Data and information supporting the GHG emissions assertion were historical in nature, representing actual measurements and records from the operational activities of WNCC during the specified period.

4. Reference to Validation/Verification Programme

This verification was conducted in accordance with the ISO 14064-3 standard.

5. Decision on the Claim

Type of Opinion: Modified opinion, the GHG emissions assertion made by WNCC for the reporting period **January 1- 2022 to December 31, 2022**, is confirmed to be accurate, complete, and materially correct. The verification process has fulfilled all program-related requirements, including **15%** materiality threshold and the **Limited** level of assurance.

6. Findings

No unresolved findings were identified during the verification process. All discrepancies and issues noted during the verification were resolved prior to the issuance of this statement.

This verification statement is issued by EPU-VVB as a formal confirmation of the accuracy and reliability of the GHG emissions assertion made by WNCC for the reporting period from **January 1- 2022 to December 31, 2022**. The statement is based on a thorough review and analysis in accordance with international standards and protocols.
