Description: Products covered: Petroleum products in general (ICS 75.080)

This addendum concerns the notification of the draft of Egyptian Standard ES 3479-2 "unleaded gasoline 95 octane" (17 pages, in Arabic)

This standard cancels and supersedes its last edition in 2010 and its partial modification in 2018.

It should be noted that Ministerial Decree No. 423/2005 (25 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3 dated 14 December 2005 and Ministerial Decree No.477/2018 (3 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3/Add.15 dated 4 September 2018 mandated among others the earlier version of this Standard.

Worth mentioning is that this draft standard is technically identical with modification with BS EN 228:2017.

Producers and importers are kept informed of any amendments in the Egyptian standard through the publication of administrative orders in the official gazette.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

Proposed date of adoption: To be determined.

Proposed date of entry into force: To be determined.
